BASIC PHOTO + VIDEO GRIP GEAR INCLUDED

Our studio includes a variety of basic grip gear to help you create professional-grade images and videos. Essential items such as light and backdrop stands, sandbags, clamps, and more are readily available.

Additionally, you'll find a range of mounting options, including C-stands, magic arms, and suction cups, allowing you to securely mount lights, cameras, and other equipment in various positions.

The inclusion of basic photo and video grip gear with your rental ensures you feel supported in creating high-quality content without the need to bring all your own equipment, saving you time and money while enabling you to focus on the creative aspects of your shoot.
